In a sentence: WEX is a global leader in intelligent payment solutions.

WEX drives four key outcomes- no matter the industry or solution, WEX helps customers:

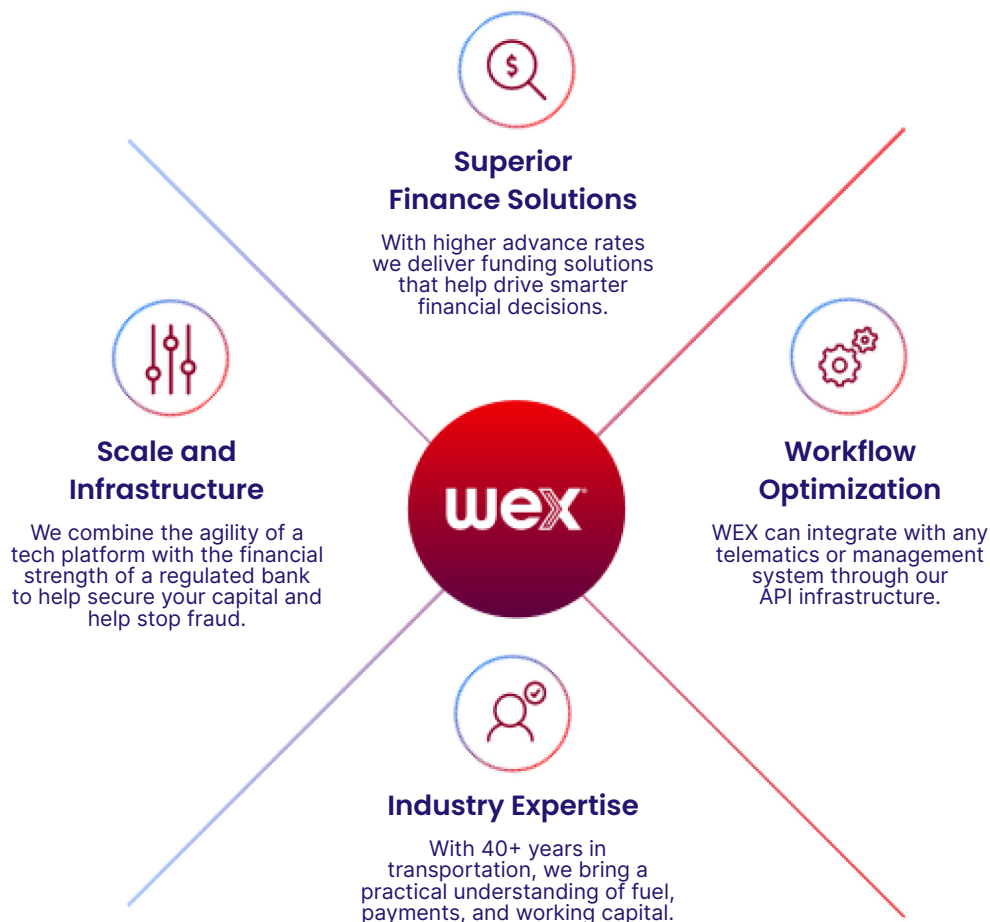

Optimize cash flow and savings to help improve their bottom line and help their customers achieve desired outcomes.

Empower confident decision making to help them gain control over spending and resources, empowering customers to act decisively and achieve their goals.

Take the work out of workflows helping them reclaim time to focus on their customers, people, and business.

Manage risk and stay compliant to help limit fraud, reduce security risk, keep records, and meet regulations.

Together, these four strengths define the WEX advantage.
